FOUNDATION STOCK

(Complete this form in block letters please)

In view of the fact that many quality animals have not been able to be registered in the Studbook, Council has introduced this facility for owners/lessees of female animals to be inspected by an overseas judge with the intention of this female animal being entered in the Studbook as Foundation Stock (FS). Female progeny of this mare and a Registered Purebred Breeding Stallion may, on inspection, be entered in the Studbook as FS1. The female progeny of an FS1 mare and a Registered Purebred Breeding Stallion may, on inspection, be entered in the Studbook as FS2. Thereafter all progeny, male and female, of the FS2 Mare and a Registered Breeding Stallion are eligible for entering in the Studbook on compliance of the normal provisions.

Please note that male progeny of FS and FS1 mares are not eligible for registration. Provision has been made for these to be recorded as non-breeding Partbred Ponies, Harness Ponies or entered as Geldings when castrated.

PLEASE READ THE REGULATIONS AS PUBLISHED ON THE SOCIETY'S WEBSITE OR AVAILABLE FROM THE SECRETARY

- 1 The breeder is the recorded or legal owner or lessee of the dam at the time of foaling
- 2 A filly is not eligible for inspection until she is at least nine months of age
- 3 A filly which qualifies as FS, FS1 or FS2 must be entered and inspected in accordance with the regulations as published from time to time
